2. REASONS FOR ADOPTING THE PLAN

2.1 Goals pursued through the assignments made under the Plans

The Plan, in line with the Circular and applicable regulations, as well as the best practices (including the recommendations of the Corporate Governance Code), intends to pursue the objective of increasing the value of Banca Generali Shares meanwhile aligning, the economic interest of its Beneficiaries to those of the Shareholders.

The Plan has the following objectives:

- to link the component of variable remuneration to the medium-long term objectives and the value creation for the shareholder, taking into account the Group’s sustainability and the results actually achieved;
- to develop the culture of performance in accordance with the Group’s philosophy;
- to contribute to the creation of a balanced mix between fixed and variable elements of the Beneficiaries’ remuneration;
- to obtain the management’s loyalty at Banking Group’s level.

In particular, the Plan aims at reinforcing the link between the remuneration of Beneficiaries and the performance of the Bank and the Banking Group, ensuring consistency with the expected performance according to the Generali Group’s strategic plan.

To achieve these objectives, it was decided to:

- pay a component of the variable remuneration in the form of Shares and only at the achievement of specific Objectives;
- link the incentive to the Share value resulting from the average price of the Shares in the three months prior to approval, by the Board of Directors, of the draft financial statements and the consolidated financial statements for the previous financial year (based on the

mechanism described more in detail under point 2.3);

- define a three-year vesting period;
- provide for specific malus and claw-back clauses.

2.2 Key variables, including performance indicators, taken into consideration in making assignments pursuant to incentive plans based on financial instruments

The Plan provides that the number of Shares actually assigned is directly linked to the achievement of the Banking Group's Objectives and the Generali Group's Objectives.

With regard to Banking Group's Objectives, which influence the determination of 80% of the number of Shares to be assigned to each Beneficiary, these are linked to three objectively measurable parameters, such as the tROE, Adjusted EVA and ESG AUM.

With regard to Generali Group's Objectives, which influence the determination of 20% of the number of Shares to be assigned to each Beneficiary, these are also linked to objectively measurable parameters, such as the Relative TSR and Net Holding Cash Flow, to which further specific sustainability indices or ratings may be added (to be applied as a further objective or as a correction measure for the previously indicated parameters), as specified in further detail in the Report on Remuneration.

At the end of the Plan's three-year period (2021-2023), the Shares will be assigned to the Beneficiaries (without prejudice, in any case, to the provisions set forth in the following points 4.6 and 4.8).

2.3. Elements underlying the determination of remuneration based on financial instruments, or otherwise, criteria for determining the same.

The Beneficiaries and the number of Shares that may be assigned to each of them are determined by the Board of Directors at its sole discretion, in compliance with the Circular and the applicable regulations.

Without prejudice to compliance with the Circular and applicable regulations, the maximum number of Shares that can be assigned at the end of the Plan's three-year period (2021-2023) is calculated by dividing the percentage of the annual recurrent gross remuneration of Beneficiaries variable between 87.5% and 175% (based on the role held) and the value of the Share, calculated as the average of three months prior to the approval by the Board of Directors of the draft financial statements and consolidated financial statements of the year before the beginning of the Plan's three year period. The number of Shares may be reduced to a minimum level (which is also calculated as a percentage of the recurring annual gross remuneration of the Beneficiaries), below which no Share shall be assigned.

In keeping with market practice and investors' expectations, the Shares are to be allocated and vest for the Beneficiaries over a total period of seven years. The number of Shares to be allocated is directly linked to the level of achievement of the Objectives. In detail, at the end of the three-year period commencing on the date of the launch of the Plan, a final assessment is conducted as to the effective achievement of the established Objectives.

The allocation of the Shares is also contingent on reaching the Banking Group Gates and the Generali Group Gates.

The shares actually accrued will be allocated according to the following scheme:

- (i) at the end of the three-year performance period, allocation of 50% of the Shares accrued on the basis of the results achieved, subject to a lock-up period of one year ⁽¹⁾;

⁽¹⁾ The Beneficiary may nonetheless alienate only a number of shares equivalent in value to the amount of tax charges

- (ii) the remaining 50% of the Shares accrued will be subject to an additional two-year deferral ⁽²⁾, during which the portion accrued may be reduced to zero if the Banking Group Gates set in the Plan are not reached, or if a malus event occurs, and provided that the Relationship with the Banking Group continues as at that date; any Shares allocated will be subject to a lock-up period of one year ⁽³⁾.

In compliance with the provisions of the Circular and in addition to the malus and claw-back mechanisms specified in Remuneration Policies, the Bank may not assign the Shares to Beneficiaries, in whole or in part, if there is a significant deterioration in the Bank's capital or financial position and/or that of the Banking Group, ascertained by the Board of Directors (malus clause). The Bank further reserves the right to ask Beneficiaries to return the Shares in whole or in part, if the results achieved prove to be non-lasting or effective as a result of a fraudulent or grossly negligent conduct attributable to the Beneficiaries (clawback clause).

Moreover, the Bank has the right to grant also to individual Beneficiaries in place of — full or partial — the assignment of Shares, a Cash Settlement (without prejudice to the other relevant terms and conditions applicable for the Plan and the provisions set forth by the Circular), on the basis of a resolution that the Board of Directors (or the delegated body in charge) may take at its sole discretion.

The Bank will request, by means of specific agreements included in the contractual documents that govern the Plan, that Beneficiaries do not use personal or insurance coverage strategies (hedging) that may alter or affect the risk alignment effects implicit in the Plan.

This is without prejudice to the fact that even if the Objectives are met, Banca Generali shall not assign the Shares to the Beneficiaries if the Gates of the Banking Group are not satisfied. Furthermore, Banca Generali shall not assign the portion of Shares subject to the achievement of the Generali Group's Objectives, if the Generali Group's Gate is not reached.

2.4 Reasons for making assignments under compensation plans based on financial instruments issued by parties other than the Issuer, such as parent companies or subsidiaries of the latter, or even entities that do not belong to the same corporate group as the Issuer; in the case where the aforesaid financial instruments are not traded on regulated markets, information regarding the criteria used to determine the book value of the same

Not applicable. The Plan does not contemplate the use of the financial instruments in question.

2.5 Assessments regarding significant tax and accounting implications that informed the definition of the plan

Not applicable. The Plan is not designed in consideration of any significant tax and/or accounting implications.

2.6 Support for the Plan, if any, from the Special Fund for incentivising workers' participation in enterprises, mentioned in Article 4, paragraph 112 of Law No. 350 of 24 December 2003

Not applicable. The Plan receives no support from the Special Fund for encouraging workers

borne by the Beneficiary in respect of the assignment.

⁽²⁾ Where the value of the Shares accrued to beneficiaries belonging to the categories set out in paragraph 2.1, point 4(3), of the Circular qualifies as a "particularly large amount" (as identified in the Remuneration Policies), the assignment of the deferred portion will comply with the criteria specifically indicated in the Remuneration Policies in effect from time to time (applying in particular to a deferral period of 2.5 years from the end of the performance period).

⁽³⁾ The Beneficiary may nonetheless alienate only a number of shares equivalent in value to the amount of tax charges borne by the Beneficiary in respect of the assignment.

to participate in enterprises, mentioned in Article 4, paragraph 112 of Law No. 350 of 24 December 2003.

3. SHARE ASSIGNMENT APPROVAL PROCEDURE AND TIMING

3.1 Scope of the powers and functions delegated by the Shareholders' Meeting to the Board of Directors for the purpose of implementing the plan

The Shareholders' Meeting is called to approve the Plan that provides for the free assignment of Shares to the Beneficiaries by the Board of Directors.

The maximum number of Shares that can be assigned under the Plan is 130,000.

The Shares pertaining to the Plan will be taken from the treasury Shares' supply possibly bought back by the Bank in execution of the Shareholders' authorisations pursuant to Articles 2357 and 2357-ter of the Civil Code.

For this purpose, the Shareholders' Meeting convened to approve the Plan will be invited to approve an authorisation for the purchase and disposal of treasury shares pursuant to Articles 2357 and 2357-ter of the Civil Code.

3.2 The persons and parties in charge of managing the Plan, and the functions and powers thereof

Within the limits of applicable laws and regulations, the Board of Directors may delegate its powers to the Chief Executive Officer or to another Director/other Directors, with the support of the Human Resources Department, and/or grant specific powers to perform one or more of the activities relating to the management of the Plan.

3.3 Procedures, if any, for revising the Plan, especially in light of changes in the underlying targets.

In the first year of the Plan, the Board of Directors defines and establishes the Objectives, which are constantly kept consistent with the long-term objectives and strategies adopted by the Bank, the Banking Group and the Generali Group.

It should be noted that the Board of Directors can amend and integrate the Plan's structure, the Plan's Rules and/or the Participation Forms, autonomously and without any further approval by the Shareholders' Meeting. These amendments and integrations (including also the early assignment of Shares or the elimination or modification of any restriction) are those deemed necessary or appropriate as a consequence of factors that may affect the Shares, Banca Generali, the Banking Group, the Generali Group, the Plan and/or the Objectives (including extraordinary transactions regarding Banca Generali and/or the Banking Group and/or the Generali Group, capital transactions, regulatory changes or changes to the scope of the Banking Group and/or the Generali Group, the compliance with specific industry regulations, changes to long-term strategic plans, etc.), in order to maintain unchanged — to the extent permitted by applicable law in force from time to time — its substantive and financial aspects.

In the event of severe market disruption (such as material changes in macroeconomic conditions or worsening of the financial context), the Board of Directors may reassess the Incentive System's fairness and overall consistency within the framework of its remuneration governance processes, implementing the appropriate and/or necessary correction measures, also with specific regard to the reference objectives and the related assessment metrics and criteria, without prejudice to the limits and general principles of the Remuneration Policy and regulations and the protection, including in prospective terms, of capitalisation and liquidity levels.

In addition to the foregoing, the potential Beneficiaries shall comply with the provisions governing the abuse of inside information or market manipulation laid down in Regulation (EU) No. 596/2014 and the provisions set forth in the Bank's "*Code on Inside Information*", to which reference is made.

This is without prejudice to a different determination of the Board of Directors that is more favourable for Beneficiaries and the provisions set forth in the Circular and applicable regulations.

The lock-up period will begin on the date on which the Shares are registered on the current account in the name of the Beneficiaries at the Plan Administrator.

After the expiry date of the periods in which shares are locked up, as described above, further lock-up periods may be applied to Shares (pursuant to subsequent resolutions by the Board of Directors), in compliance with the recommendations of the Corporate Governance Code.

These Shares shall not be transferred to third-parties – and therefore may not be sold, assigned, exchanged, carried forward, or otherwise be transferred to any living person – until the end of the above-mentioned time periods, unless authorised by the Board of Directors, which may also order the Shares to remain in custody.

If a Banking Group's company ceases to be part thereof, the Professional Relationship shall be considered as terminated for the purposes of the Plan on the date on which such event occurs. However, Beneficiaries for whom such event occurs after the first year of the Plan's three-year period maintain the right to receive the Shares, in accordance with the terms and conditions described above, proportionately to the duration of their company's membership of the Banking Group with regard to the duration of the Plan's three-year period.

Finally, if the Professional Relationship with Banca Generali or a Banking Group's company is transferred to another company of the Banking Group or Generali Group and/or in the case of termination of the Professional Relationship and concurrent creation of a new Professional Relationship within the Banking Group, the Beneficiary will retain, *mutatis mutandis*, any and all rights possessed under the Plan and in accordance with the Participation Form.

restrictions;

- (ii) shall forfeit the right to receive the Shares not yet awarded, except for specific cases of termination of professional Relationship, such as death, permanent disability, retirement, dismissal by the company for objective/organisational reasons, consensual termination and/or other contractually predetermined cases.

The cost will be distributed on a pro-rated basis over the vesting period as a cross-entry to the appropriate equity reserve. The cost will be updated at the end of each year if the number of rights that it is estimated will be attributed at the end of the three-year period has changed.
